

Solid Waste Management Round Table

SWMRT is a public interest collective of SWM practitioners working for adoption of sustainable waste management practices by citizens and municipalities, for improving public health, safe food, clean air and water and inclusive livelihoods.

SwachaGraha - Start a green spot

It is a city wide campaign, to bring a Green Revolution of another kind by promoting organic waste management within homes and communities.

Aerobic Composting - Simple Procedure

1 Drill 3mm holes into an old bucket or buy a composter

2 Create a 6 to 10 inch bottom bed of browns like crushed dry leaves, compost or cocopeat

3 Spread your kitchen waste, avoid lumps and do not dump at once

4 Sprinkle microbes powder or cow dung slurry or microbial cocopeat

5 Cover it completely with browns like crushed dry leaves, compost and cocopeat

6 Compost will be ready in 4 to 6 weeks

7 Protect the bucket from the rain
